Veneer and Edge Banding

Veneer and edge banding tapes are stocked to match most plywood species. Stock size is 13/16" x 250' rolls or 8' strips. Automatic (no glue) tapes are also stocked in 7/8" x 500' rolls for use in automatic edgebanders.

(WoW) Wood on wood veneers are stocked in 4'x8'.

Hardwood veneers are also stocked in 2'x8' and 4'x8' sizes with 10mil kraft paper backer. Species includes:

WHITE ASH
MAHOGANY
WALNUT
WHITE BIRCH
KNOTTY WHITE PINE
TEAK
CHERRY
RED OAK
HICKORY
MAPLE

Phenolic, 20mil paper and peel and stick backers are all available on special order basis.

Lumber - Rough

Florida Southern stocks the finest northern species of hardwoods available. Our lumber in the rough is sold on a gross tally basis. Stock species and sizes are:

4/4	8/4
BASSWOOD	SOFT MAPLE
HARD MAPLE	CHERRY
SOFT MAPLE	RED OAK
CHERRY	WALNUT
RED OAK	MAHOGANY
H. MAHOGANY	

Our hardwood inventory also includes moldings in specially designed cabinet crowns. Other patterns and species are available on job basis so call us for quotations on special molding runs.

Lumber - Surfaced

At Florida Southern Plywood, we strive to provide the highest quality lumber to our customers. With no minimum order quantity required, you only buy what you need. Our hardwood lumber is sold on a net measure basis; tallied after kiln drying and straight line ripping. By using this process you only pay for footage that you actually receive. Stock species and sizes are:

S3S	4/4	8/4
ASH, SLR	<input checked="" type="checkbox"/>	
BASSWOOD, SLR	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

OAK 2 SIDES MDF CORE – 3/4
BIRCH 2 SIDED MDF CORE – 3/4
MAPLE 2 SIDED MDF CORE – 3/4

Pionite Laminates

Florida Southern Plywood is the exclusive north Florida and south Georgia distributor of PIONITE decorative laminates. PIONIE began in 1946, and is considered to be one of the major manufacturers of high pressure laminate. Main product categories include:

G48 Standard and F39 postforming laminates

*residential and commercial horizontal surfaces

F28 Vertical grade forming laminates

*residential and commercial vertical surfaces

Melcore II (color through) laminates

*horizontal and vertical surfaces where invisible edge lines are desirable

Cabinet liners

*cabinet interiors and shelving, Panelam

Phenolic backing sheets

*provides balancing effect on face laminated panels

Chemguard chemical resistant laminates

*school laboratories

*medical fixtures

Fire rated laminates

Micastat electrostatic dissipative laminates

*electronic assembly areas

*computer stations

Hi-wear laminates

*added surface component to provide 5 times the wear resistance of standard laminate

*bank teller lanes *checkout counters

Thick phenolic core laminates

*combine with Chemguard for school and medical lab tops *bowling alley lanes *restroom dividers

Custom graphic design and screen printing

*game tables *logos in customer counters such as airlines and fast food restaurants

Nearly all Pionite laminates are available in widths of 3', 4', and 5', with lengths of 8', and 12'. Prompt shipment and customer satisfaction are top priorities at Florida Southern Plywood. We strive to keep all sizes in stock. However, storage limitations prohibit having all sizes at all times. Factory facilities in Maine provide us with a broad selection of stock sizes with immediate availability. In the unlikely event that we do not have the size or color you need, Pionite is standing by ready to ship these orders from the factory or from their regional distribution centers.

Technical and Sales Support

Technical bulletins and literature concerning each product category are available as well as sample chip chains, wall board displays and other sales aids. Please let us know of any assistance you need and we will promptly provide it to you. Pioneer uses specification representatives to help provide architects and design professionals with samples and technical information. In addition, this function is enhanced by Florida Southern staff to provide concentration within our distribution area.

Panelam

Panelam is a product designed for use where specifications call for melamine finish or high pressure laminated cabinet interiors but require plywood case construction. This product satisfies both requirements by combining quality meranti plywood with matte finish high pressure laminate cabinet liner. Faces are laminated using PVA hard set glue and cold press technology. Panels are then flush trimmed for safety in handling. Stock sizes are 1/2", 4'x8', and 3/4", 4'x8' laminated 1 side and 2 sides.

Custom Laminating Services

Florida Southern can also provide Panelam in custom colors and configurations using Pionite vertical or horizontal Laminates. Plywood or particleboard of any thickness may be used as substrate. Minimum quantities may apply so call for quotations.

Adhesives

Florida Southern is a distributor for DAP industrial products, widely recognized as an industry leader with Weldwood brand adhesives. Our stock line includes:

- Weldwood aliphatic resin wood glue yellow woodworking glue quarts, gallons, fives
- Weldwood contact cement quarts, gallons, fives 55 gal. drum available by drop ship fives and drums available in red or natural 1145 high solids contact red 3030 water based contact green
